

Research Doctor of Philosophy (PhD) Program Planning Sheet

Department of Instructional Technology & Learning Sciences

Utah State University

Effective for Students admitted Summer 2025 to current

Program Requirements: The PhD degree program requires a minimum of **48** credits with a master's degree in this field. A minimum of **54** credits, including ITLS master's core courses, are required for students with a master's degree in a field other than Instructional Technology or Learning Sciences. Students who do not have a master's degree will be required to complete a minimum of **70** credits, including ITLS master's core courses. Students have 8 calendar years to complete all degree requirements.

Delivery formats: O = Online only, I = In Person only, H = Hybrid (at least 50% in-person), C = Connect (formerly IVC), V = Virtual (formerly web broadcast), X = Check catalog for most up to date information\ Additional information for specific classes: ^ = odd years, * = even years, & = may be taken more than one time for credit. A number after delivery format shows the suggested year of the program.

Check the ITLS website for the courses available each semester: <https://cehs.usu.edu/itls/courses>

Core Courses – 6 credits required			Credits	Fall	Spring	Summer	Prerequisites
ITLS	7011	Introduction to Theories and Methods of ITLS I	3	I-1			Program Admittance
ITLS	7015	Introduction to Theories and Methods of ITLS II	3		I-1		ITLS 7011
ITLS	7021	Current Topics in ITLS	3	I-2			ITLS 7015

Research Methods Courses – 15 credits – 4 required courses and then 1 additional course

Note: There are 3 required courses because the college is requiring the two-sequence minimum for basic quant methods. Taking as many methods classes as possible is encouraged. Students can, in consultation with their advisor open up a methods slot by taking EDUC 6050 (applied statistics) instead of EDUC 6600 and 7610. Note that taking 6050 will close the door to advanced methods classes for which 6600 and/or 7610 are prerequisites.
